/ WALLY GIBIAN 100

[DECK LAYOUT]

GIBIAN is more than just a yacht; she is a testament to Italian craftsmanship and timeless elegance, spanning 30.45 meters of pure maritime sophistication. Built by the renowned Wally shipyard and launched in 2000, she is one of only four exclusive 100 models, each designed to harmonize beauty, performance, and innovation.

Crafted by iconic naval architect German Frers, GIBIAN commands the water with a unique blend of grace and strength. Her refined composite construction ensures both durability and optimal performance, promising exhilarating sails and the unmistakable ease of handling that Wally yachts are celebrated for.

Onboard, GIBIAN reveals interiors that radiate modern sophistication—a stylish vision brought to life through the collaboration between her discerning owner and the Wally design team. Every detail, from the open spaces to the artisanal finishes, invites relaxation while embodying understated luxury.

GIBIAN is more than a yacht; she is an experience, an invitation to explore the world’s waters with finesse. Whether basking in the Mediterranean sun or embracing the thrill of open-sea sailing, she offers her next owner not just a vessel, but a lifestyle that elegantly blends adventure and refinement.

THE CONSTRUCTION & DESIGN FOR LUXURY YACHT GIBIAN

“Sailing yachts that skillfully combine Wally’s high-tech construction with striking design and elegant, minimalist interiors. They are crafted to sail the world and excel in competitive racing.”

Crafted with precision and artistry, GIBIAN embodies the brilliance of German Frers, the esteemed naval architect behind her exceptional design. Every curve and contour of this magnificent sailing yacht reflects Frers’ vision, harmonizing functionality with aesthetic elegance. The interior, a stunning creation by the renowned Wally, envelops guests in an atmosphere of sophistication and comfort, where every detail has been thoughtfully considered.

Constructed in the heart of Italy, GIBIAN was launched in 2000 in the picturesque town of Fano, marking the beginning of her illustrious journey on the open seas. Following rigorous sea trials, she was delivered to her proud owner, ready to embrace adventures that await.

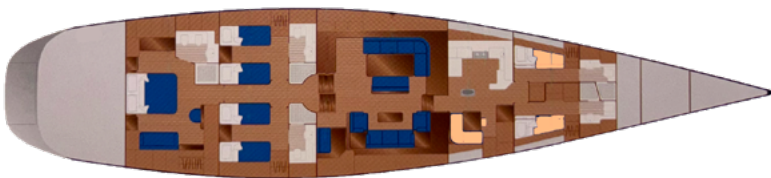

Her hull, meticulously crafted from high-quality composite materials, exudes both strength and grace, while the superstructure mirrors this commitment to excellence, predominantly built with the same refined composite. With a beam of 6.71 meters (22 feet), GIBIAN offers generous space for relaxation and exploration, inviting you to indulge in the pleasures of sailing.

Her moderate draft of 4.21 meters (13.8 feet) grants access to a myriad of enchanting ports, each with their own unique charm, inviting you to discover hidden gems along the coastlines.

GIBIAN is not merely a vessel; she is a canvas of adventure, waiting to carry her next owner into a world of elegance and exploration, where every journey becomes a poetic tale on the vast waters.

GIBIAN: WHERE DESIGN MEETS THE SEA

[INTERIOR LAYOUT]

The interiors of GIBIAN have been masterfully designed to combine refined aesthetics with practical functionality, offering a harmonious blend of comfort, privacy, and performance. The yacht’s layout is intuitively divided between the owner’s and guests’ quarters aft, and the crew quarters forward, ensuring optimal flow and discreet service at all times.

At the aft, the owner’s suite and guest cabins enjoy serene privacy, surrounded by soft natural light and understated elegance. Centrally located, the main salon acts as the social heart of the yacht, inviting guests to relax, dine, or navigate in a space that feels both open and intimate.

Forward, the crew quarters are designed with efficiency and autonomy in mind, allowing for seamless operations during both coastal cruising and long ocean passage

Owner's and Guests Area – Aft

The Wally 100 GIBIAN by Frers offers an exclusive owner's suite located at the aft, designed to ensure privacy and absolute comfort:

- Spacious Owner's Cabin with a private en-suite bathroom featuring a separate shower and a dedicated office/study area, ideal for onboard work or quiet retreat.
- Two Twin Guest Cabins, each featuring:
 - Two fixed single beds
 - One additional retractable single bed for flexible accommodation
 - En-suite private bathrooms with separate showers

Main Salon

At the heart of the yacht lies the elegant Main Salon, the social core of the vessel:

- A generous U-shaped lounge area with coffee table, ideal for relaxation and conversation
- Opposite, a dining area with a C-shaped sofa and central movable seating
- Navigation station fully integrated into the salon design, equipped with advanced communication systems

Crew Quarters – Forward

The forward section is dedicated to the crew, offering optimal functionality and comfort:

- Fully equipped galley featuring:
 - Double sink
 - Gimballed four-burner stove
- Opposite crew mess with table for four
- Dedicated freezer station and access to electrical control panels
- Entry to the engine room, located below the main salon
- Two twin crew cabins, each with:
 - Two single beds
 - Private bathroom

S/Y GIBIAN: ENGINE AND SPEED

S/Y GIBIAN is a nautical marvel fitted with a single CATERPILLAR 350 diesel main engine, imbuing this yacht with a vigorous and spirited soul. With a top speed of 12 knots, GIBIAN glides through the waves with grace and determination, offering an unparalleled sailing experience.

Her propulsion is powered by a single J-propeller, meticulously designed to optimize efficiency and maneuverability. With a total power of 330 HP and 243 kW, GIBIAN promises high performance, turning every journey into not just an odyssey, but a statement of freedom and adventure.

Additionally, the propulsion system is complemented by a sleek retractable bow thruster, allowing for effortless navigation, even in the most challenging maneuvers, ensuring a secure anchorage and smooth sailing.

S/Y GIBIAN is not just a vessel; it is a floating work of art, where every voyage becomes an opportunity to explore the world and immerse oneself in the beauty of the sea. With GIBIAN, your dream of sailing the open waters can finally become a reality.
