Georgia Institute of Technology | M.S Digital Media

Expected 06/2027

- Coursework: Interactive Programming in p5.js, Educational Technology, Digital Media Studies

DePauw University | B.A Media

05/2025

- IT Associate Program (ITAP): awarded 3 on-campus internships following a year-long training program in applied digital technologies (Excel, CMS, Graphic Design)
- 2x \$4,400 Student–Faculty Summer Research Awards (most competitive student funding)

WORK EXPERIENCE

Research Assistant | Expressive Machinery Lab (LMC 6650, Dr. Brian Magerko)

08/2025 – now

- Assist in NSF-awarded research that fosters AI literacy in creative, informal learning space for children
- Conduct content analysis of learning experience interviews to evaluate ongoing exhibits and AI artifacts

Marketing Photo/Video Production Intern | The Children’s Museum of Indianapolis

01/2025 – 04/2025

- Contributed to the 2025 brand refresh by creating short videos for web visitors and interactive programs
- Optimized digital assets in DAMS and cloud storage for efficient sharing across teams and clients

Research Assistant | NEH Grant “Business Meets Humanities”, DePauw University

01/2025

- Evaluated existing materials and interdisciplinary discussions to contribute to Dr. Amy Eremionkhale and Dr. Ryan Rudderham’s “Data Storytelling” and “Economy and Fiction” course modules
- Designed writing prompts, reading questions, case studies and story pitching exercises with peers in Computer Science, Finance, Education Studies and Business Analytics

Communication Assistant | DePauw Athletics Communication Office

08/2023 – 05/2024

- Lead produced 4 social media campaigns by interviewing student-athletes, filming and editing short-form and documentary style content across Instagram, Twitter/X, and website
- Collaborated with a student team of creative assistants, sports analysts and interns on planning and executing digital content strategies for maximum fan engagement

Research Assistant | DePauw University, Dr. Pauline Ota

06/2023 – 08/2023

- Developed a codebook for teaching and research materials in Excel, including museum-goer trends, artist directory, primary sources categories (newsletters, gallery press, show critiques)
- Supported Dr. Ota’s development of contemporary art modules in “Issues in Museum Studies” and “Women and East Asian Art” syllabi by revising secondary research and lesson plans

Animation Intern | Chris Doyle Studio

01/2023 – 04/2023

- Assisted in the digital production of *Ramifications* by coloring and polishing keyframes on Adobe Animate
- Coordinated logistical checks on studio facilities and delivered packages to support professional workflow

Web Design Intern | DePauw University Communication & Theater Department

09/2022 – 12/2022

- Revised the [Department’s website](#) to meet accessibility guidelines, help users navigate faculty directory, and reduce steps on BigTree CMS workflow for staff to post news and performance opportunities
- Researched and reported SEO-friendly content across different Universities websites to help improve future web accessibility and usability, with goals to boost student-faculty collaborations

SKILLS

Adobe Creative Suite (Photoshop, Premiere Pro, Animate, InDesign), Figma, p5.js, HTML5/CSS (beginner)
