Appel
in Illustrator

Deze programma's zullen we gebruiken

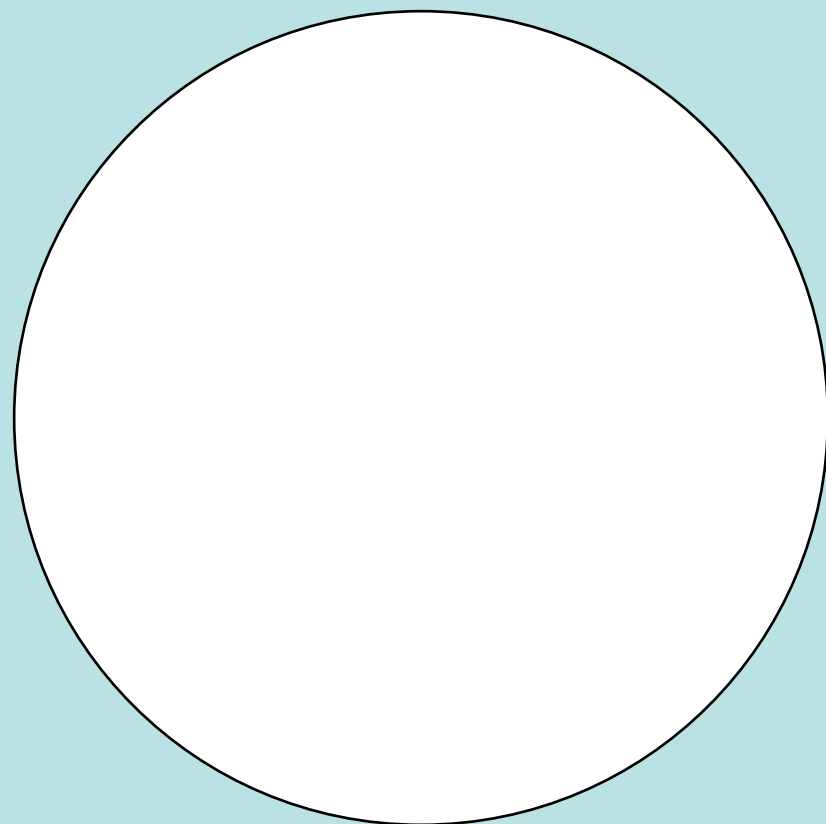

Adobe Illustrator

Net

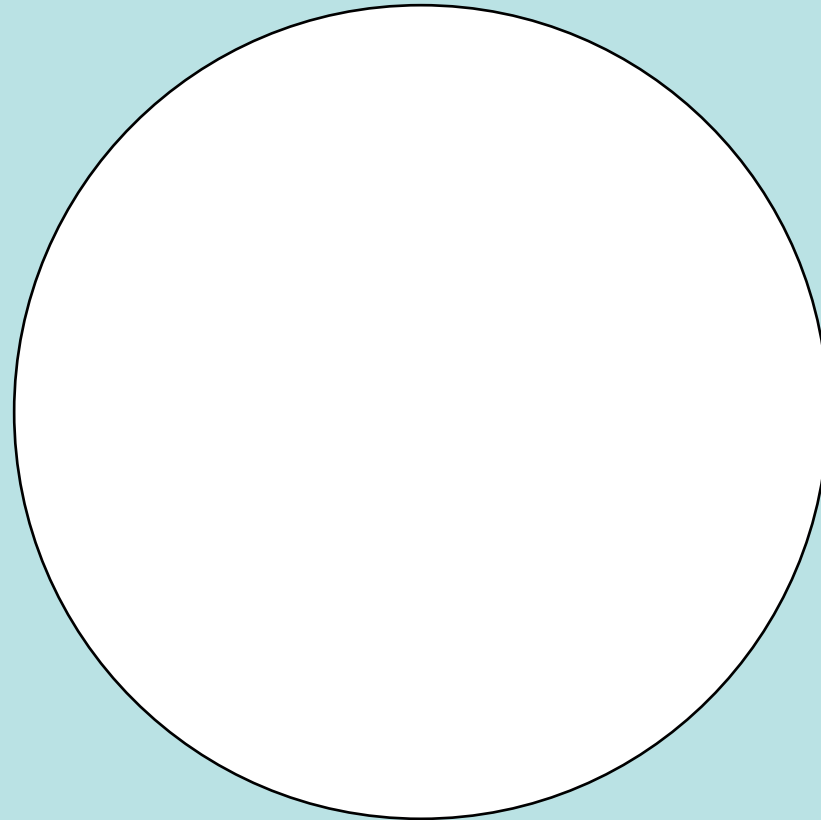

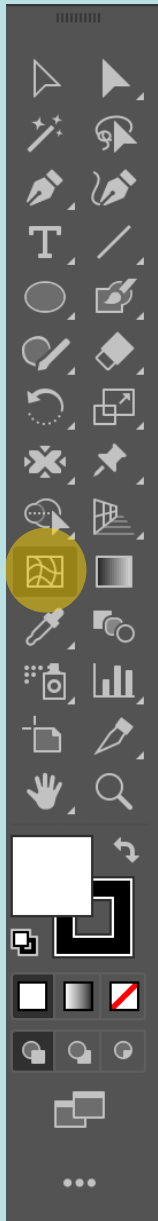

Tekenen binnen

Klodderpenseel

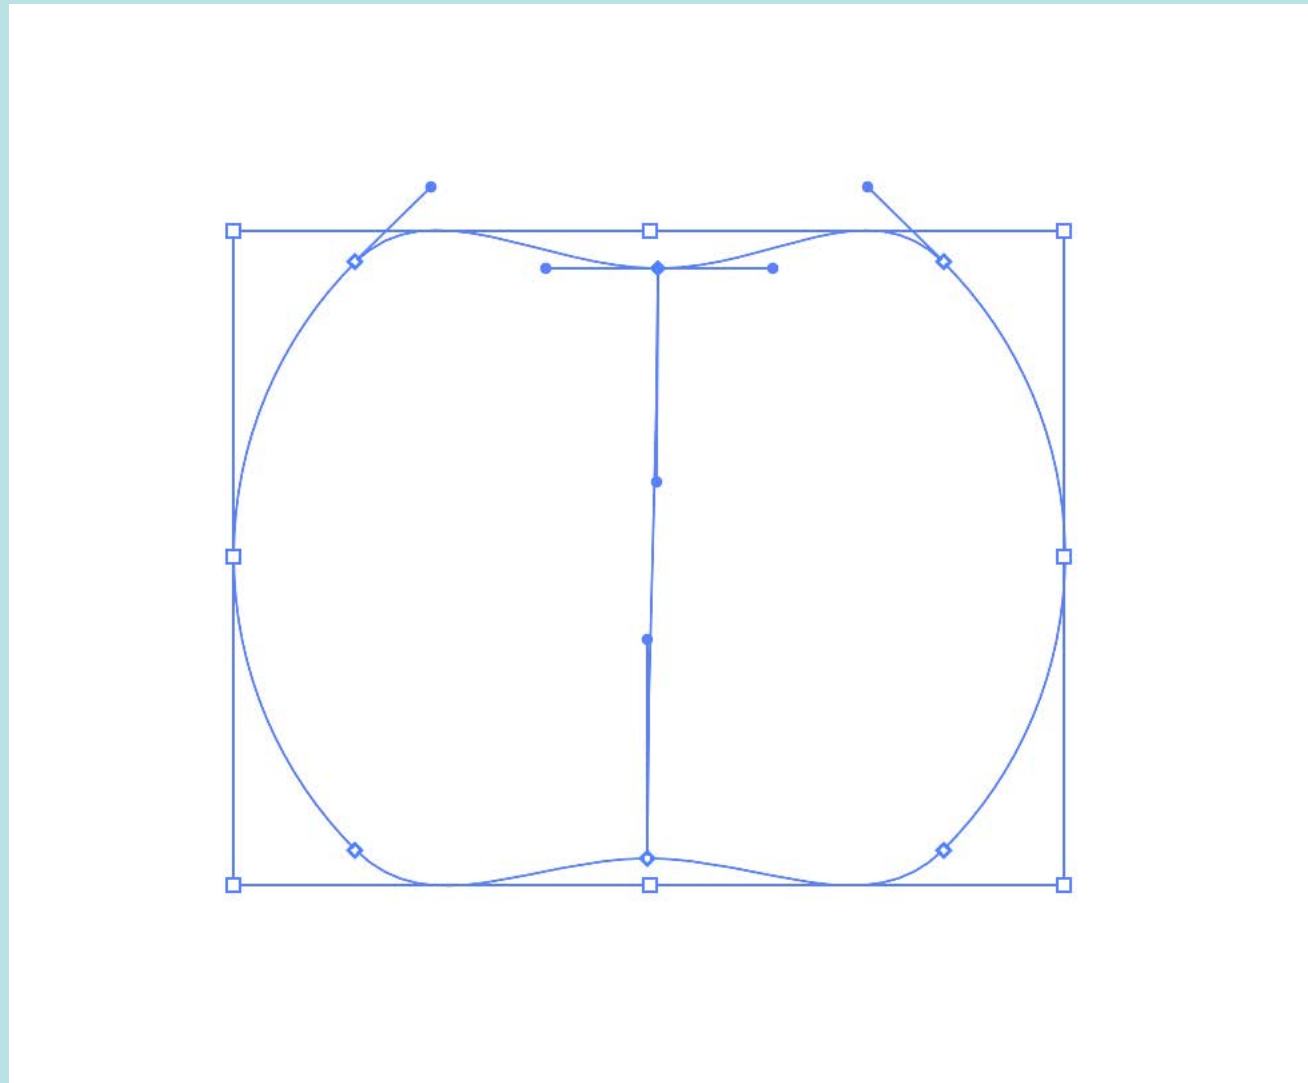

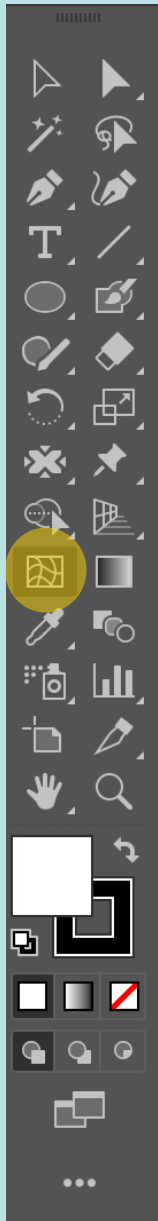

Maak A4-blad, liggend.

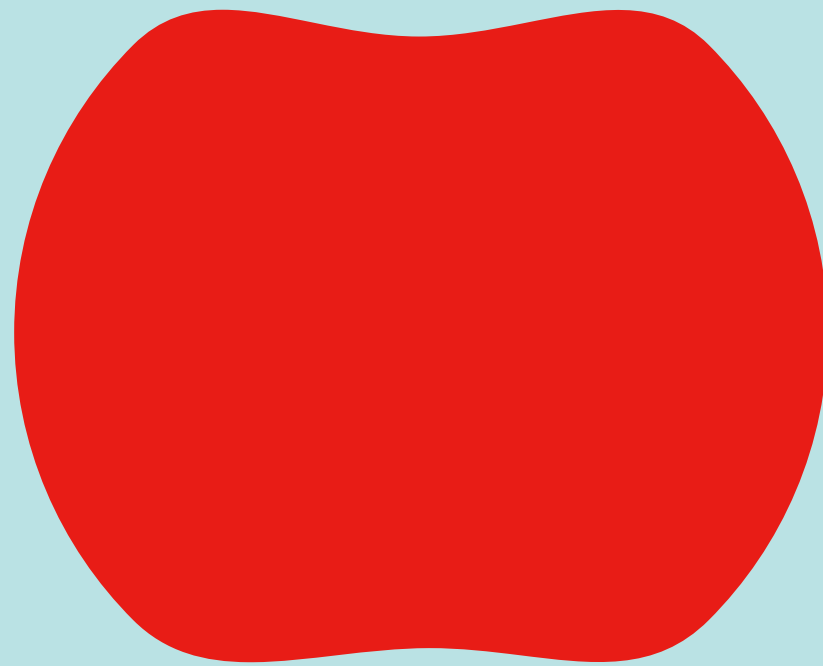

Teken cirkel.

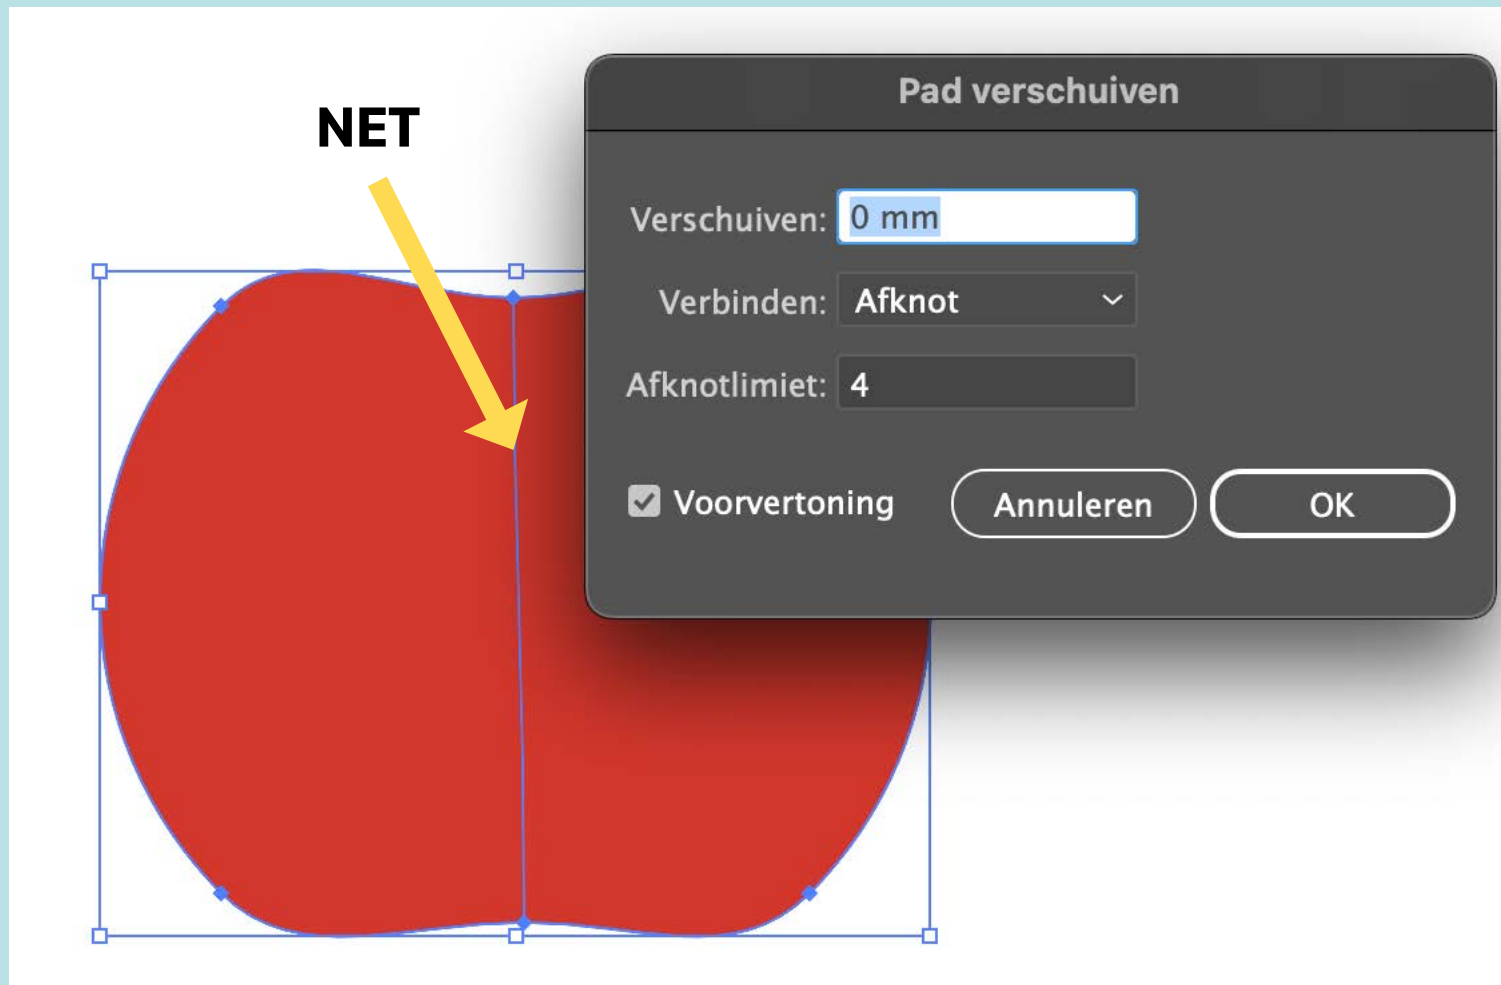

Selecteer cirkel en klik op de tool **Net**.

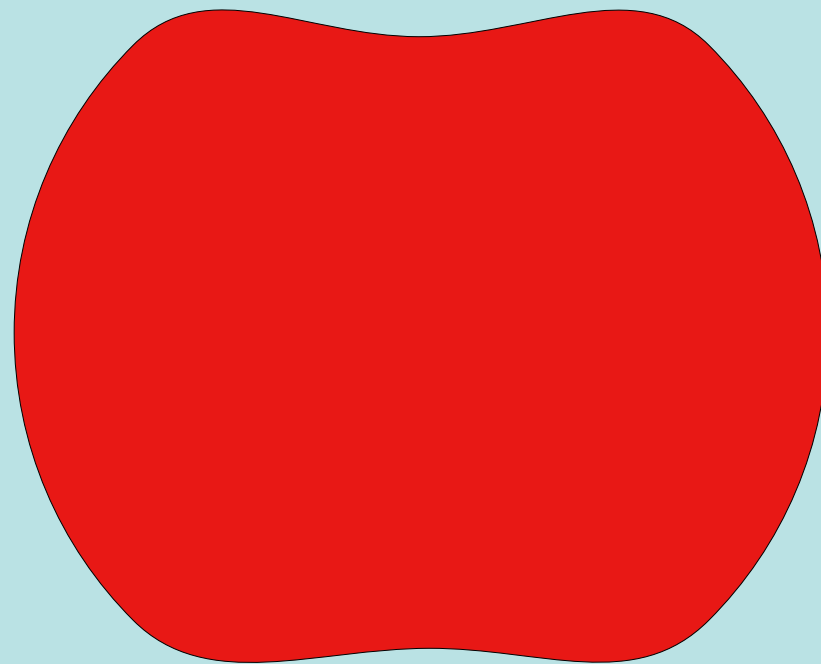

Vervorm cirkel tot een appel, door boven en onderaan te slepen.

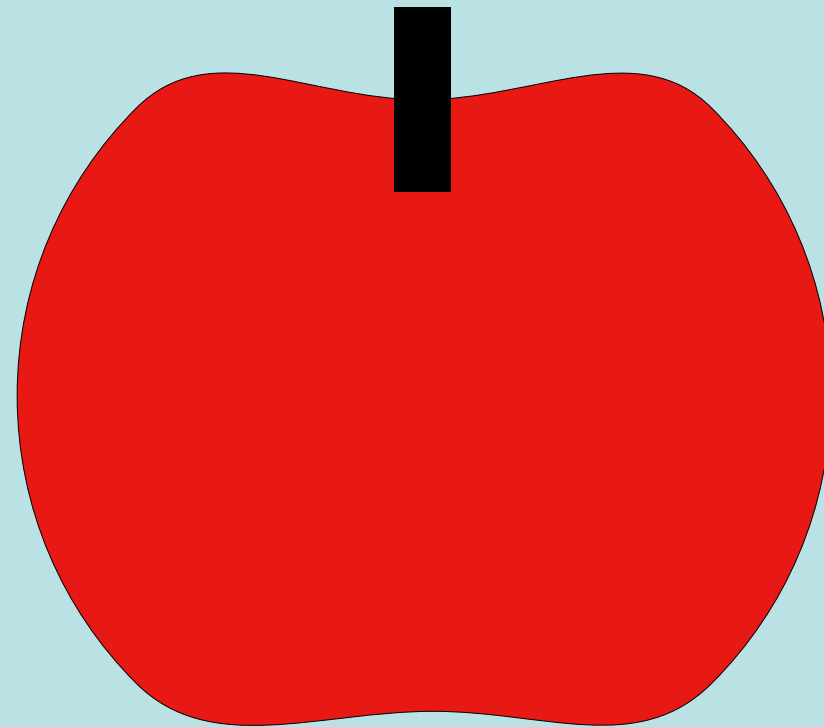

Geef appel een voorlopig kleur.

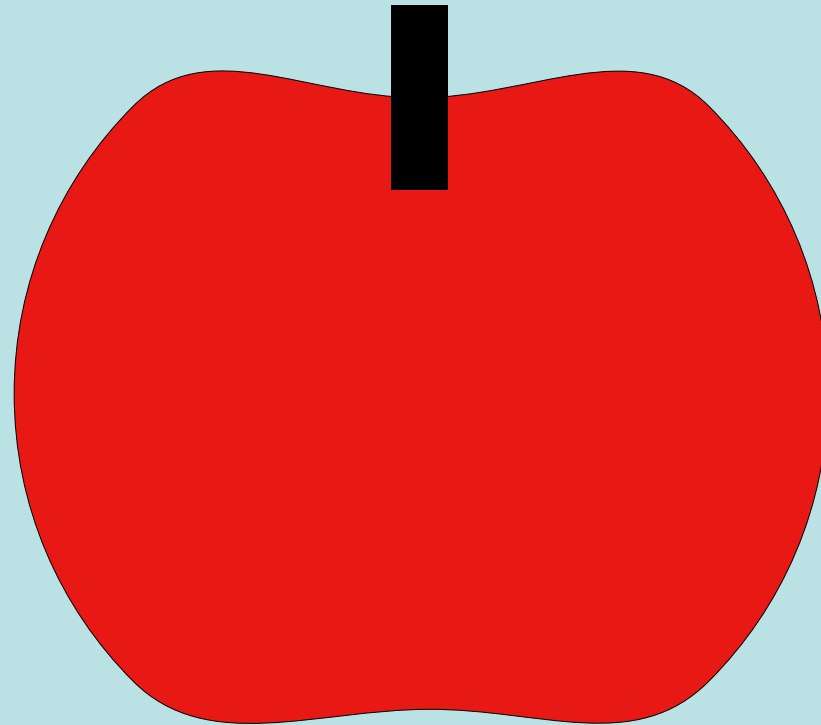

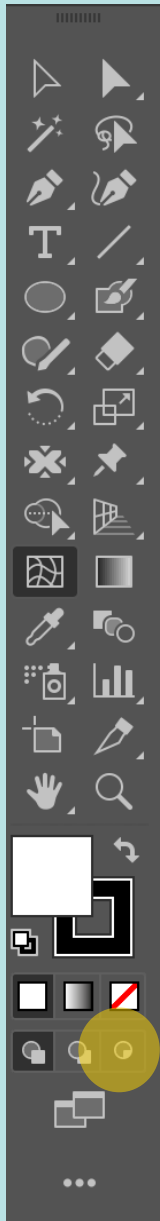

Verwijder het net uit deze vorm =
Selecteer appel > Object > Pad > Pad Verschuiven > 0mm

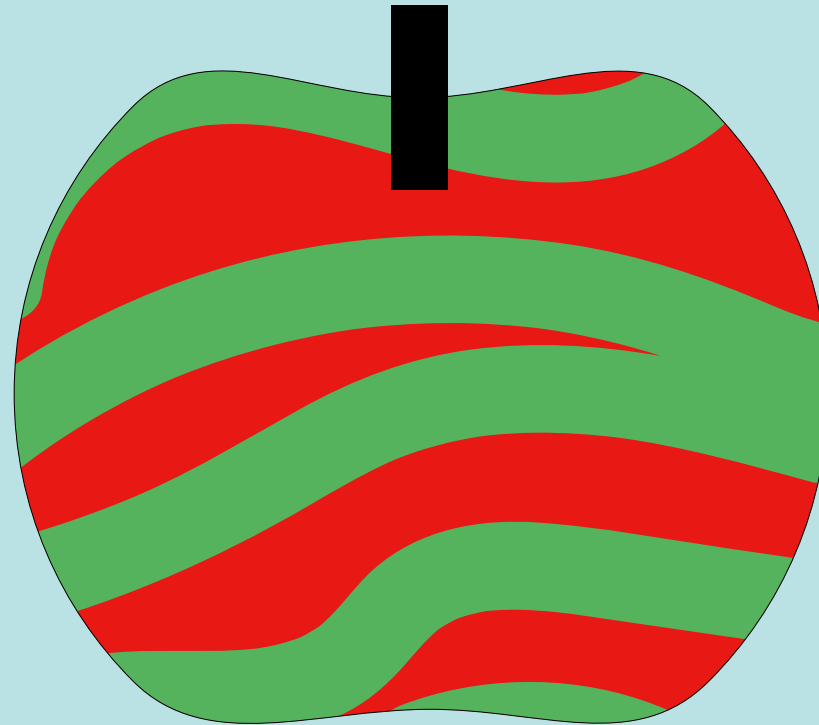

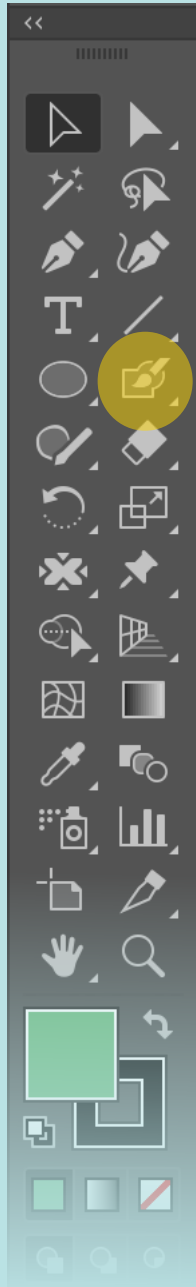

Verwijder appel (met kleur).
Er is nog een tweede appel over (zonder net en kleur).
Geef opnieuw kleur.

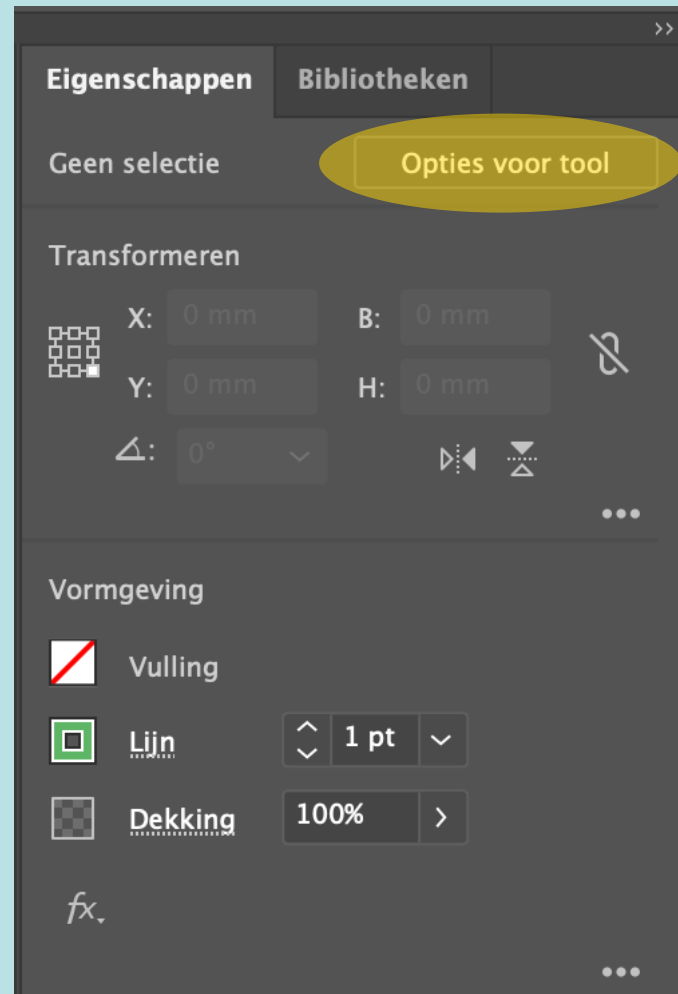

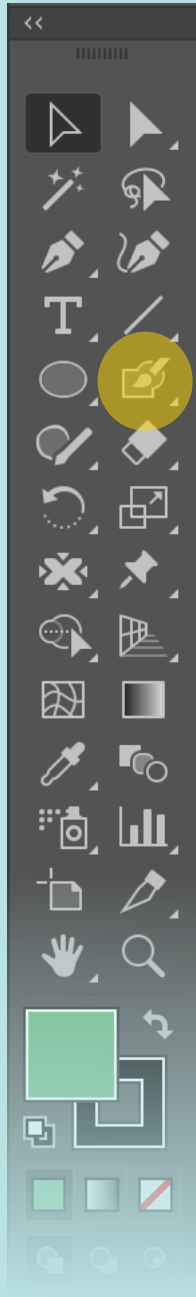

Teken een steeltje (met Rechthoek-gereedschap)

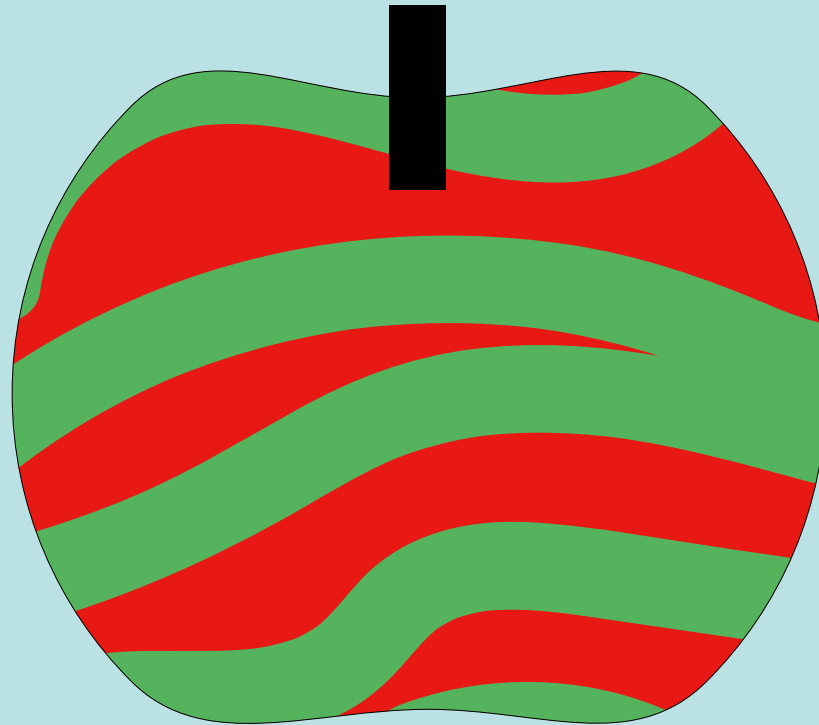

Selecteer appel (niet je steeltje). Klik op **Tekenen binnen**.

Teken met klodderpenseel interessante vormen binnen je appel.
Gebruik hiervoor een ander kleur.

Tip: pas grootte aan van klodderpenseel in eigenschappen balk.

Positioneer je appel passend in blad. Zorg voor achtergrondkleur.
