# LOGO

Our logo was designed to demonstrate decentralized power. It is the core of the Decentral identity and the key element in driving recognition.

## MINIMUM SPACE AND SIZE

The Decentral logo should always have a minimum clearspace around it and should not be reproduced below a certain size to ensure maximum visibility and brand recognition. The suggested measurements are minimums and, in the case of clear space, more space should be used when possible.

A close-up photograph of a person's hand holding a small, glowing globe. The hand is positioned in the center-right of the frame, with fingers gently gripping the globe. The globe is illuminated from within, casting a soft glow. The background is a blurred, light-colored surface, possibly a table or desk. The overall color palette is muted, with soft blues, greys, and the natural tones of the hand. A semi-transparent circular graphic is overlaid on the image, containing the text.

## ICON: THE CROSSED D

In chemistry the crossed D icon represents dispersity, a process that eventually results in equilibrium, a concept that informs Decentral brand DNA, Empowerment.

## ICON MINIMUM SPACE AND SIZE

The Decentral icon should always have a minimum clearspace around it and should not be reproduced below a certain size to ensure maximum visibility and brand recognition. The suggested measurements are minimums and, in the case of clearspace, more space should be used when possible.
