

## Crayon Tray Custom Pricing Outline

The pricing structure of custom designs is based on material cost and level of involvement in the process of design and fabrication.

Design includes choice of head and graphic. Heads can be produced plain, with hand-painted graphics, or milled from solid metal.

### Head:

- Solid Color (Opaque) - \$110
  - Opaque resin cast, color choice can vary per commissioner request. Please provide clear references in order for us to most accurately color-match.
- Solid Color (Translucent) - \$120
  - Opacity can range from semi-opaque to translucent. Please provide clear references in order for us to most accurately match opacity and color.
- Crystal Clear - \$150
  - This option should be reserved for uncolored, completely transparent forms.
- Glow in the Dark (Standard) - \$215
- Glow in the Dark (Color) - \$250
- Milled Aluminum - \$1,000
- Milled Brass - \$1,000
- Milled Stainless Steel - \$1,500

### Graphic:

- Hand Painted (all bases) - \$65
  - Designs should remain graphic; complex rendering is preferably avoided. More detailed designs can be discussed, but may result in additional charge based on complexity.
- Powder Coated (metal bases only) - \$150

### Insert/ Base:

- Insert
  - Standard insert is stainless steel. This is recommended, but other metals can be substituted for additional cost upon request.
- Base
  - Standard base is green 1/32" velvet. This color can be substituted upon request for additional cost.
