I'm a multidisciplinary designer with a BA in Graphic Design from Kingston University and an MA in Visual Communication from the Royal College of Art.

My work spans digital, editorial, and community-led design, with a focus on playful socially engaged projects. I've freelanced in the UK and Italy, currently working remotely as a Graphic Designer for a fashion brand in India.

I'm now looking to join a London-based studio where I can grow and contribute to impactful design in a collaborative environment.

# Introduction

A visual identity for Mamèmi Ceramics in Vittorio Veneto, Italy. The branding draws inspiration from the idyllic mountains of northern Italy, where the studio is located at the height of 400m. The area is scattered with limestone houses surrounded with greenery and decorated with red tiled roofs, paved with cobblestones. This shaped the colour palette of the brand system, conveying the vibrant nature and architecture of the location. The primary logo is handwritten by the founder and the icon logo is a native flower in memory of her grandmother, conveying a raw yet playful feel whilst connecting a personal story.

University brief responding to problems in Tolworth, a local town near our campus. A local resident explained there is an increase in air pollution due to the proximity to the A3 and A2 motorway. The community is impacted by the new road renovations, making it difficult for pedestrians to cross, increasing chances of accidents. Benches facing the roads aren't used and designed for rest, affecting local businesses. Inspired by Speakers' Corner in Hyde Park, used to demonstrate a site for public speech, we designed a pop-up parliament for Tolworth. I traced letters from shop fronts and created a typeface used to design posters to prompt discussions around issues in the area and form solidarity within the community to solved problems.

Editorial and book design project for a Nepalese author publishing his collection of Nepali and English poetry surrounding the theme of depression. The simple layout uses spacious borders and moderate line spacing to balance the author's expressive use of italics and bold text. Also creating negative space for the detailed illustrations paired with the poems. The cover uses Nepalese Khadi Tsasho paper for the cover and interior uses recycled cream paper, chosen for their raw textures and cultural connection. The exposed binding reflects the vulnerability in the author's writing.

The world: "*Are you okay?*"

The person: It's hard to explain.... I think I might be... like maybe, just maybe... a little bit depressed..., yeah depressed, a bit, I guess, yeah depressed.

The world: "*What's depression like?*"

The person: What's it like...? Ummm, it's like, hurtful... but again not really hurtful, it has pain... but again not that painful... it's sad, yeah like 100% sad.

The world: "*I see..., you said its painful or just a bit hurtful, right? Where does it hurt? Where do you feel the pain? What causes it?*"

The person: Where does it hurt huh? Ummm... it's like, a thought is not that painful but overall, it is very painful. Okay, let me try explaining this... it's like you are walking naked in an empty field, naked, completely naked, then it starts raining... it starts raining but, needles..., needles, these little thin, tiny needles instead of drops of water and they puncture your skin, constantly, 24/7, as long as your eyes are open, sometimes even in your sleep and it penetrates deep, so deep that sometimes you care to waste bit of your not so precious time on finding ointment for your soul pierced from these needles, so we start bleeding... **Bleeding heavy.** My question here is '*Where am I bleeding from?*' and you question '*Where does it hurt?*', **EVERYWHERE**, little bits of these needles which are technically my thoughts, which I am unable to complete, compress or cage is constantly penetrating my brain to the point where **MY thoughts are making ME BLEED** where '*The blood*' is unseen and **YOU**, '*The world*' have the audacity to question me '*Where does it hurt?*'  
**DOES IT EVEN MATTER???!!!!**

Will you wipe this invisible blood, bleeding from my useless rains of thoughts inside my fully caged skull? Will you?

## NARCISSISTIC LOVE

I feel happy, with a question of 'why am I actually happy?'  
 This sudden pace in my speech, this excitement, this energy....  
 This heart beat  
 Its racing!  
 Oh! Guess its that feeling  
 Guess I'm in love with you...?  
 The way my face lightens,  
 Cute- bright smile, when I see you  
 Hours of work that I make,  
 Staying awake, grinding- just to see you,  
 I love it  
 But I stay confused  
 So, if I may- would like to add questions a few!  
 Does the mountain exist because of people who climbs?  
 Or does the value of mountain exists because of its "views"?  
 Would mountains have no values if there were no climbers?  
 Would beaches be a waste if there were no people to have fun in?  
 Does destinations only exist if there exists a journeyman?  
 It was like looking the moon through the telescope  
 Loving you is like holding a knife with double edges  
 But you are safe as its me who's holding the both edges  
 I hold you close but never tell you the true message  
 I stare in your eyes so I can find my multiple faces

## LIMITATIONS

*"Please don't miss understand"*, is something that I have always said  
 But sometimes I do question- was it verbally?  
 Or was it through actions, somewhat consistently  
 Like *'why would you cry when I'm in pain?'  
 Do your tears give me sympathy?'  
 'Yea I'm stressed'  
 'but my hands are always there, to wipe your tears-  
 while my eyes have always hold it in'*  
 Consistently  
 Say you weep in every single matter, like *'Your dog just meowed'*  
 or something similar to it  
 While I almost die every day- may happiness be life  
 Say, how am I not supposed to limit and hold it in?  
 The pain in me  
 The anger in me  
 Countless thoughts that I haven't said  
*'The lost'* in me  
  
 So yea, well.... Still, I apologise  
 Limitations of love for you  
 The doors of my heart has closed to limit my pain  
 Somehow it has closed bits of love for you too

## प्रेम परिक्षण अध्याय २

के आखिर अन्त भो यी बाधाहरु ?

के आखिर भेटियो नौला बाटाहरु ?

**कोधित छ ऊ,**

कि हेर, यदी सधै सध्य देखिने यी आँखाहरु

अचानक धमिलो भएमा

पानीका छिट्टाहरुले पखालेनी,

सावुनले धोएनी,

कि मखमलका कपडाले नै ती आँखाहरु पुछेनी

देखिदैन केही

किन त ?

**कोधित छ ऊ**

उनका मनका भावनाका रहस्य बुझ्दैन ऊ

धमिलैमा छ ऊ

कति सत्य हो, कति परिक्षणको प्रतिवद्धता ?

**खै, केहि बुझ्दैन ऊ ।**

ऊ अब जिन्दगीभतर यी प्रश्नका उत्तर खोज्दै रहन्छ

जसै महासागरमा भरेका खुसीका आँसु

भन्छ, "यी खुसीका आँसु भेटिए खुसी भेटिन्छ"

ऊ सोची रहन्छ, ऊ सोधी रहन्छ, ऊ खोजी रहन्छ

डुवी रहन्छ !

सधै टोलाई रहन्छ, सधै हराइरहन्छ

एक क्षण ऊ भडकीरहन्छ, एक क्षण फेरी रमाई रहन्छ

अनेक नाना थरी गरी रहन्छ

"के साच्चै माया गर्थी र ?"

"के मैले, उनलाई, साच्चै.....साच्चै माया गर्थीए र ??"

ऊ सोची रहन्छ

यदि एक सास, एक पल भएमा

ऊ वर्षो सोची रहन्छ

एउटै प्रश्न, एउटै दिमागमा सोधी रहन्छ

यो संकल्पले केही क्षण गर्व, त केही क्षण दोषी

ऊ सधै दुविधामा बाची रहन्छ ।

**प्रेम परिक्षण:निष्कर्ष**

सोध्यछु म, आवश्यकता परिक्षणको ?

भाग्य थियो कि जिज्ञयासा-छुटाउनै सक्दैन केही ?

"प्रेम परिक्षण म गर्छु-सरल निष्कर्ष लेख्छु"

लक्ष्य सायद नेक थियो उनको सधै

परिक्षणमा सफल-तर असफल जिन्दगीमा

**भावना केही बुझ्दैन ऊ !**

वाटो देखाउछु भनी, संसारलाई

खै, आफै हराएको थाहापाउदैन ऊ !

परिक्षणको निष्कर्ष त भेटियो-तर गुमायो भावनाका भावहरु !

गुमायो विश्वस्त सोच, गुमायो मनका लाभहरु !

हरेक क्षण संकोचमा-जोख्दै माया र यिनका नापहरु !

वोली त सरल छ तर गुमायो हृदय, घडकन् र तिन्का वातहरु !

## DRAINING

Few days as I think back- been awfully draining  
 Almost leeches in my brain  
 Crawling, as nerves in my forehead- swelling  
 Heart, far away- sailing  
 Wailing, 24/7

Are almost these dry eyes of mine?

"*Imma lose my shit*" yea I touched that line  
 Maybe multiple times?

But still, up or down hill, rolling or am I?

Smiling as always, but been asking "*what the actual f#ck is being fine?*"  
 But it's alright...

Cuz

Unfortunately, I don't believe in things like *death*  
 If could, then I would

Indulge myself in such, pity misery

Take few deep breaths, know which one will be me last  
 Lay it down deep, in ash

Or

Swim to red pink sky which tends to be vast

But sweet dear jesus, and these big balls of mine  
 Despite wailing and wailing, with no hopes of '*All-right*'

Confident I am, if rope my neck to '*the ceiling*'  
 '*the ceiling*' won't be fine.

Currently working as a Graphic Designer for an Indian fashion brand creating digital graphic assets for social media content and marketing ads. I respond to briefs set by the creative director, each differing per campaign. I've created style boards, motion graphic animations and event posters to be published across their website, Instagram and WhatsApp platforms.

This project entails menu design, product photography and short form videos for a Nepalese owned pan-Asian restaurant. Food and drink menus were designed; the layout accommodating for many cuisines by setting clear headings and images categorised by item type. The recycled cream paper stock is an homage to the Nepali Lokta paper, creating an organic feel with the wooden clip boards. The wooden and blue ceramic plates informed the colour scheme to create a seamless fit for the menu in the restaurant space. To show the range in types of dishes, a stop motion style videos of the meals was created for Bliss's social media marketing.
