Experience

Design Director, Formworks (Part-time self-employment)

2024 – Now

- Together with a partner, founded an independent "third wave" design firm.
- A design was created for CivLab: an interactive tool displaying San Francisco government units and thousands of interconnections.
- The project received 5 awards and one recognition from a design magazine: 4X CSSDA (Best UX, Best UI, Best Innovation, Special Kudos), Site of the Day on CSS Nectar, and a mention on Site of Sites.

Senior Interface Designer, Alty Co.

2024 – 2025

- Led design improvements for the Alty corporate website, enhancing structure, visuals, and UX.
- Systematized and optimized the internal design system for cross-project scalability.
- Worked on concept design for multiple fintech products, collaborating closely with product and engineering teams.

UI/UX Designer, Fedoriv agency

2022 – 2024

- Worked on UNITED24. The official fundraising platform of Ukraine. As well as all U24 projects, including "Army of Drones", U24 x LUN, U24 Media and others. From the start of the project until my last day at the agency.
- Designed a website for Ukravit — Ukraine's largest producer of plant protection products. Supported the project for two years, implementing new features and monitoring the quality of development.
- Website redesign for Fedoriv agency.
- I worked on the website design for Mriia — a state-run educational ecosystem for students, parents, and teachers that inspires learning and helps everyone find their place in the modern world.
- Worked on the website design for Win-Win — a platform for the free development of breakthrough ideas that bring us closer to victory and provide the basis for Ukraine's economic growth.
- Supervised the in-house team and proposed my own concept for the NovaPay app.

and others.
