

Alyssa Cooper

Artist

About me

I am a multidisciplinary artist based in Columbus, Ohio, holding a Bachelor's degree in Art from The Ohio State University, with a minor in film studies. My artistic journey is fueled by a deep curiosity about the interplay between traditional art forms and modern technologies. I am particularly drawn to working with glass, textiles, and immersive spaces, often blending elements of all three in my creations.

Beyond my art practice, I have experience in freelance videography, photography, and social media management. These roles have provided me with a unique insight into the intersection of technology and the arts, enabling me to infuse my work with a fresh and innovative perspective.
