

MOTHER FORTUNE

& YOU

1ST QUESTION

What is a "Mother Fortune"?

Mother Fortune is a band that is designed like an artistic co-op. We have been making music for about 4 years. We have been in Chicago Reader multiple times, been interviewed on Chirp radio, and have had some of our songs go viral. We are a queer, bipoc, hybrid Hip-Hop group that makes pretty good fucking music! We are always looking for artists to work with!

Sick. What are ya looking for?

- If you are an artist, animator, or something like that, we would love to talk to you!
- if you are a social media darling or love to make good viral marketing campaigns!
- If you know about touring or anything like that!
- If you are cool and just want to be a part of something dope!

2ND QUESTION

3RD QUESTION

And I will get paid, right?

FOR SURE! But we aren't rich or whatever. We are looking for true believers! People who are looking to take their art to the next fucking level! We want to make something weird and special with (possibly) YOU and you WILL GET PAID.
