From a passion to improve the world around us, I conceptualize products that leave a lasting impression - with a considered footprint. Inspired by the heirloom quality and design language of decades past, with the implementation of today's technology, I seek to reinvigorate the long-term impact of products to consumers lives.

EXPERIENCE

YOUTHTANK X GOOGLE CODE NEXT | INTERNSHIP | 2024

A lead intern role at YouthTank, sponsored by Google Code next. Mainly responsible for program facilitation of a mural planning team, leading a group of students to create concept art for a future mural to be installed at Michigan Central Station.

WOODWARD WAREHOUSE | STORAGE PORTER | 2023

Carefully moved, handled, and organized customer cars in a classic + exotic car storage warehouse, prepared customer cars for seasonal pick up from storage. Continuing to work with special vehicles in a white-glove setting and resolve problems on the fly

GREAT LAKES MOTOR WORKS | DETAILER | 2022

Worked alongside classic car builder Mike Stowe, meticulously detailed and performed minor repairs on hot rods prior to car shows. Honed an appreciation for and ability to work with unique vehicles, and practice car-care techniques in an exciting environment.

CORPUS ART | 2021 - 2024

Project contributor to "Detroit Cat" sculpture and "The Spirit of Cranbrook Community" mural. Worked alongside and under the guidance of renowned visual artist Elton Monroy Duran to bring vibrant visual art concepts to life.

YOUTHTANK | 2021 - PRESENT

Founding team member of YouthTank Detroit, a 501 (c)(3) opportunity gateway and startup incubator for youth in Detroit. As a founder, mentor, and activity facilitator, I encourage students to innovate and make a community impact through design and leadership. Contributor to 2024 Youth Mobility Summit.
