English (Native)
Chinese (Fluent)

JACK CHEN

ILLUSTRATOR / MOTION GRAPHIC

PROFILE

I am a Motion Graphics artist based in Los Angeles. I have experience working in the music industry and also in making social media content. I come from a background in traditional illustration and painting. With an illustrative style, I combine music and sequence to tell wonderful stories.

EXPERIENCE

- **Warner Records (Creative Intern)** JUN-AUG 2024
Los Angeles, CA
I worked as an editor, animator, and cameraman on projects involving music videos, visualizers, and lyric videos with artists like NLE CHOPPA, Rini, Shordie Shordie, and Linkin Park
- **Jeremywell International Inc (Creative Intern)** 2022-2024
Irvine, CA
I worked on the content creation and the sales team, animating how-to use videos, and exploring the company's branding on platforms like TikTok Shop, eBay, and Amazon for Jeremywell's machine spare parts.
- **Ecokin (Creative Intern)** MAY-SEP 2024
Online
I worked on the content creation team specifically for TikTok Shop to promote Ecokin's hygiene and skin care products. I used a lot of 3D animations, explored branding, and filmed and edited short-form content.
