

MY FRIEND

Let me introduce you to my friend Picture Book!

They also go by PB.

PB shows me all sorts of great stories.

Sometimes the characters
look like me.

And sometimes they don't...

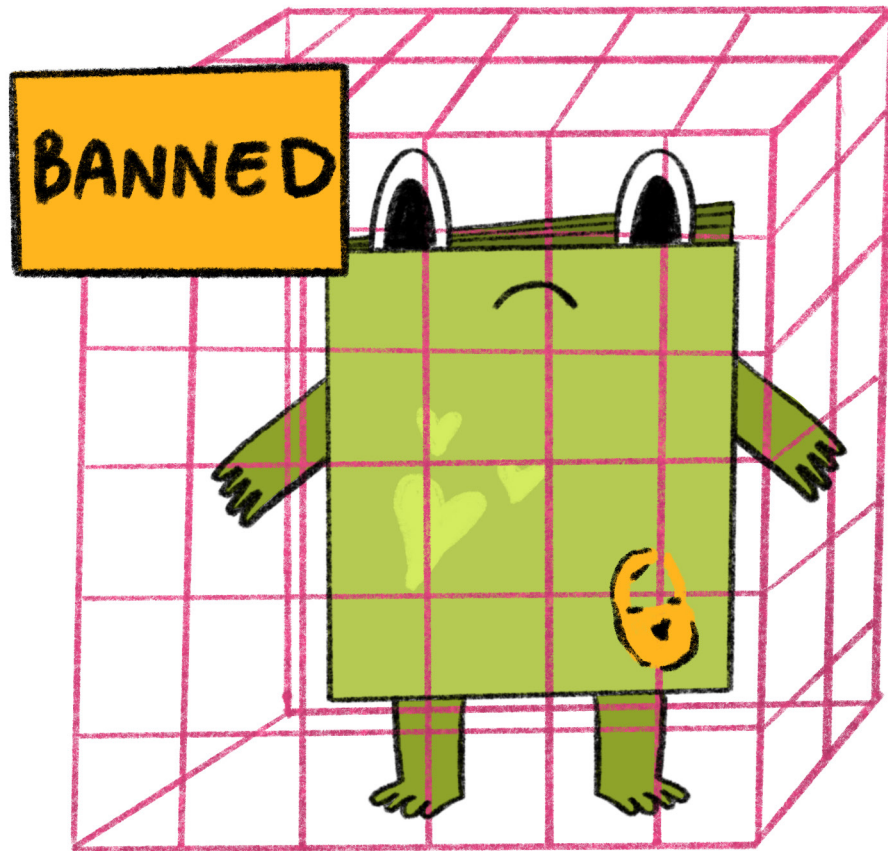

Which I think is pretty cool!

so I walk into the pages and make some new friends!

I get to meet so many types of people through PB's stories!

But not everyone likes that I can learn about others through PB's stories

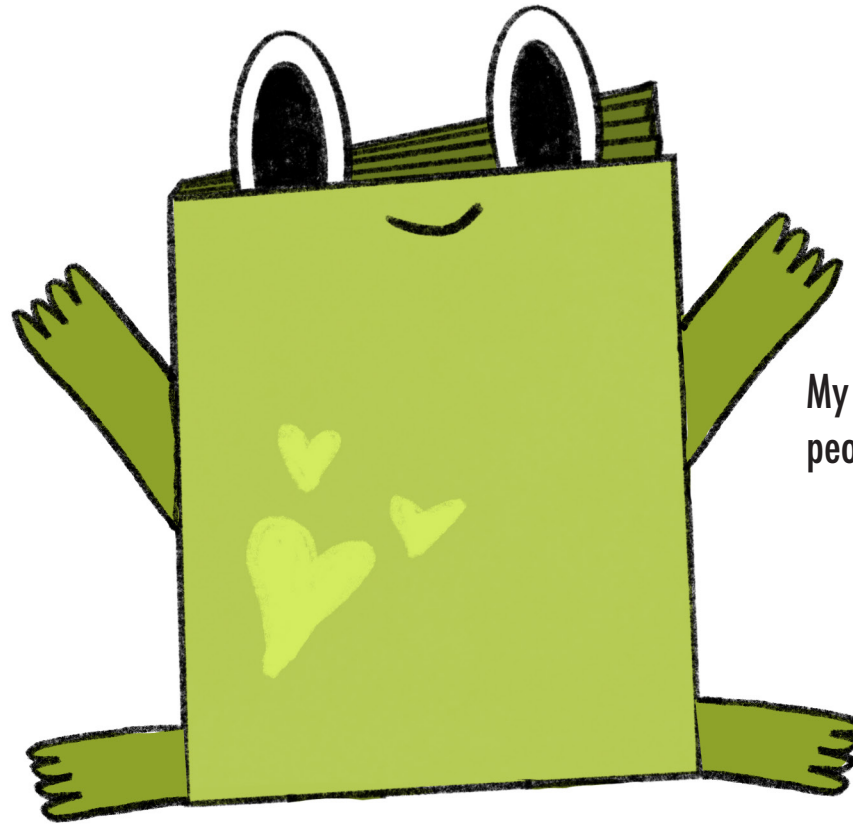

so they lock PB away.

My friends and I rally to get PB back.

PB doesn't deserve to be banned because they are just telling the stories of the world we live in.

Soon after, PB is free!

My friend Picture Book helps bring people together!
