Rene Cassin High School

**2020 - 2024**

**Shenkar College of Design and Art**

Bachelors Degree in Industrial design.

## SKILLS

- 3D modeling
- Rendering
- Sketching
- Graphic design
- Social media
- AI

## SUMMARY

A designer from Tel Aviv with a degree in Industrial Design from Shenkar College of Arts and Design. I have a genuine interest in product and graphic design. I love solving problems, learning new things, and meeting special people along the way. Nothing excites me more than seeing an idea evolve from a concept into a tangible product that people can use and enjoy.

## WORK EXPERIENCE
