Professional Summary

Architectural designer and visual strategist. Passionate about leveraging technical expertise and creative vision to lead projects that align with client goals by delivering quality design. Skilled in balancing creativity and precision.

Experience

Perkins & Will | Designer

Aug 2024 - Mar 2025 | Dallas, TX

- Evaluated 4.5 million sq ft. pediatric campus plan to coordinate with MEP (Mechanical/Engineering/Plumbing) routing systems to analyze building code compliance to ensure safety.
- Coordinated material procurement with designers and contractors in the bidding process to match and reduce client's budget.
- Utilized advanced Excel techniques to organize and vet 50+ manufacturer option, advancing project deadline by a month.
- Championed in-depth research and organized internal meetings to further align with project objectives, grounding resource for other projects in the company.
- Collaborated with project managers and implemented a new workflow for CAD drawings with team members to efficiently meet Design/Construction Documentation deadlines.
- Utilized Photoshop for post-production to satisfy design intentions to contractors and stakeholders.

SKM Architects | Intern

Jun 2023 - Aug 2023 | Seoul, South Korea

- Designed architectural diagrams using Adobe Suite to contribute to the bidding process.
- Developed modelings and renderings using Sketchup and AutoCAD for the firm's 53,000 sq ft. hospitality project.

JOHO Architecture | Intern

Jun 2022 - Aug 2022 | Seoul, South Korea

- Created physical model to showcase the firm's award-winning project at the City Hall.
- Orchestrated international conferences as a point-person for translation, mediating project deliverables.
