

LAAP Contemporary Compositional Environments

Compositions for the Pool is an immersive sound experience that offers a new way of enjoying swimming while exploring the way we might be able to capture space, time and a sense of community.

Inspired by their mutual love of swimming, Stonnington born artists, Morgan Hickinbotham and Bek Berger (LAAP) invite you to heighten your everyday laps with a new composition made for waterproof headphones (Provided on entry).

COMPOSITIONS FOR THE POOL can be enjoyed FREE with any pool entry
