**HOBBIES AND INTERESTS**

I have been making films since I was fourteen years old and since have been in a few internships and minor roles within the film industry either in admin jobs or as a runner or and extra. I enjoy creative work and have developed a passion for chef work, in particular the unpretentious but conscientious styles of cooking. I prefer manual and am not very good at being stuck in an office and so Catering and restaurant work suits me just fine.

Aloneness with all black, maybe misty sky  
My spine never recovered from that acid trip  
My head never recovered from the Spanish trip  
My guts never recovered, full stop  
Aloneness with all black, I speak to teacher  
She knows a thing or two about pain  
Blood dribbles from the corner of her mouth  
She does not congratulate, her love embedded in the cask of her resolve  
She points to a direction  
It is most definitely the wrong way  
Teacher never ~~was~~ blessed with a great sense of navigation.  
Come with me teacher, I'm full of desire for your wisdom  
It look like a sorry attempt, like our heart is not in it.  
But unlike me, Teacher has shed the anxiety of her  
external appearance.  
Teacher, I would sleep beside you, if you weren't so  
repulsed by me.  
You gay cunt.

He came back to London with nothing

He threw almost everything away

He didn't leave much behind. No trace of his precious thoughts

I sketched and doodled a comic strip based on the only finished thing found.

We both loved comic books.

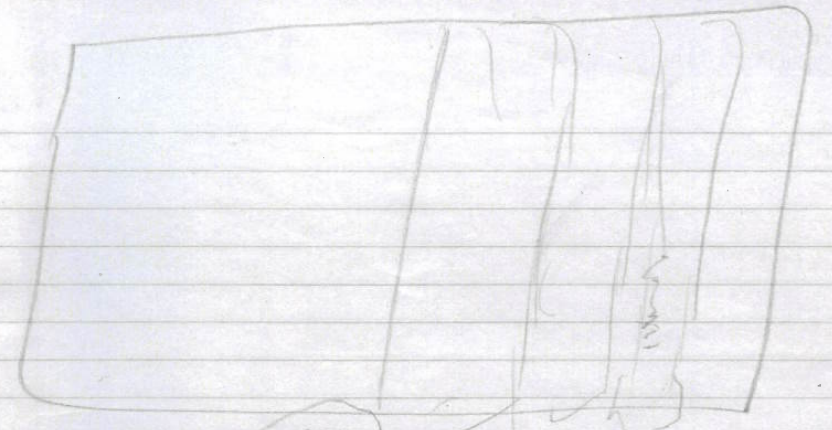

We had started to write a short story about a fat rat whose goal was to find a hamburger to eat.

It never did.

You gay cunt.
