To Music Australia,

My name is Jess Gleeson, a freelance photographer based in Sydney.

As part of my job I do both studio shoots and live show shoots. For the former, I have shot album art and press pictures for artists like Amy Shark, Beckah Amani, Gordi and Montaigne.

For the latter, I have shot with artists including Olivia Rodrigo, Halsey, Billie Eilish and the Jonas Brothers.

This letter is to confirm my support for Holliday Howe and in their application to create visual content and press images for their upcoming EP and album.

I've been following Holliday since she moved back to Sydney a few years ago, and have been impressed by her music and progress since then. I have seen her perform live multiple times in Sydney, and am always incredibly impressed by her energy and stage presence. In particular her debut Sydney headline show was a visual feast, with amazing decorations made by Holliday herself, showing off her visual style. Their recorded music is also excellent with great covers designed by Holliday herself.

When she approached me about a potential shoot to create new press pictures and EP/album cover art I was really excited - she has a very clear vision I think I can bring to life and I am delighted to have the opportunity to work with her and elevate her ideas beyond what she has been able to do working alone to this point; putting her in front of more people and elevating her profile and career to the next level.

I highly recommend Holliday Howe in her application for Music Australia funding.

Sincerely,

Jess Gleeson
